Dave,

I see this county is 75 miles from WCH. Do they service pharmacies in this county that have high thresholds?

PLAINTIFFS TRIAL

Team,

This is one reason why we do what we do. It is so easy for any of our customers to be involved with one of these pill mills either knowingly or unknowingly. We would be implicated. Like it or not our best line of defense isn't really me since there is one of me for 8 DCs and twice as many states....it is the rep who knows the customer better than anyone and is more in tune with their business and the areas in which they function. We really count on you to be our eyes and ears in the field. It is the DC personnel who fill orders and get to know what is normal and what looks abnormal. It is the DCM who sees a trend in the THD increase requests for a certain acct. It is all of us, doing our part. Thanks for your diligence.
